Edward Logan

CEO & PRESIDENT

Edward Logan began his tenure with Sport Clips operating a single store and leading special projects and has worked his way up through several segments of the business over the past decade. Beginning with taking the reins in the company-owned store operations early on, he expanded the footprint from one market, 14 stores and little infrastructure when he joined, to six markets, 70 stores and a highly successful and tenured management team. He was able to translate those successes to rapid growth in franchise territories, helping hundreds of franchisees change the trajectory of their businesses, before taking the national lead in franchise operations, and then beginning his tenure on the Leadership ("Executive") Team as Vice President of Operations for all 1,800 locations. He then made his mark as Chief Operating Officer, leading day-to-day company-wide operations across the entire Support Team. Edward continued this trend as President and COO, having guided the company through key strategic transitions for the business. In 2020, he was named CEO of the brand and was instrumental in leading Sport Clips through the COVID-19 crisis. He is currently President of International Salon Spa Business Network (ISBN).

Edward is passionate about quantifiable results but is most proud of continuing Sport Clips' legacy of being a culture-driven and values-oriented family business, helping Team Leaders (franchisees) build income and wealth for their families, and continuing the company's philanthropic focus on veterans and children. He focuses on keeping Sport Clips' rich history central to its identity, celebrating current successes, and emphasizing continuous improvement and ongoing evolution for the future. Edward attended Duke University and Southern Methodist University in Dallas before beginning his career with Deloitte Consulting as a business consultant.
